Texas Rising Star Certified Providers

A Texas Rising Star Provider is a child care provider that voluntarily meets requirements that exceed the State's Minimum Licensing Standards for child care facilities. The Texas Rising Star Provider certification system provides graduated levels of certification as providers meet progressively higher standards.

Texas School Ready! Certification

Texas School Ready!™ is a program that certifies preschool education classrooms that effectively prepared their students for kindergarten. When classrooms earn certification, they receive the Texas School Ready!™ seal which is posted in the early childhood education center or school. The seal has the year the certification was awarded. This powerful seal tells parents, the community, and others that the children who graduated from these classrooms went to public kindergarten with the fun-damental skills in place to be successful.
